

A Customizable Chocolate Garnish

The **ChocolateSideCar** is a Belgian chocolate garnish—milk or dark, with flavors of orange, lemon, lime, strawberry, jalapeño and more—that sits comfortably on the rims of most drinkware and can be enjoyed as an extra shot of satisfaction with any drink, consumed simultaneously or afterwards. The ChocolateSideCar replaces traditional garnishes that take time for bartenders to prep and are eventually tossed out at cost. A great conversation piece that helps drive return business, the ChocolateSideCar can be imprinted with custom artwork promoting your bar, restaurant, brand or event.
